### TO MEET ON SATURDAY NIGHT

Citizens Will Nominate Ticket at  
Court House.

The citizens' committee yesterday issued a call for a mass convention to be held at the court house on Saturday evening at 8 o'clock for the purpose of nominating a ticket for the approaching municipal campaign. The call embodies an invitation to all those in sympathy with the movement to attend and take part in the deliberations. Leaders of the party have had their heads together for several days past, and from what can be learned the following ticket will be named:

Mayor, J. W. Suprenant; auditor, Olof Anderson; treasurer, Thomas Dealey; street superintendent, J. F. Kearney; surveyor, A. S. Tee; police commissioner, G. O. Moen. It is probable Councilman Wilson will be renominated in the First ward, and the nomination will be tendered J. H. Hansen, incumbent, also in the First ward. In the Third ward Fred Wright will be renominated if he can be prevailed upon to run.

Just when the straight democrats will make their coup is a question. It is possible they make an effort to capture the citizens' convention, but the probabilities are that a move of this kind would not be regarded with favor, for the reason that it would meet with almost certain failure. Citizen leaders who were talked with about the straight ticket said they did not seriously regard it, and expressed confidence that the talk of a straight ticket would never materialize.

### INDICTMENT OF M. A. MOODY

Reputed Misdoings of Former  
Congressman.

The dispatches of yesterday tell of the indictment of ex-Congressman Malcolm A. Moody, for opening a letter addressed to Margaret L. Conroy, a depositor in The Dalles National Bank, of which Mr. Moody was cashier, and which failed in 1897. Mr. Moody is now in process of settling up in full with his depositors.

The story goes that Mr. Moody opened a letter addressed to Mrs. Conroy which came from the controller of the currency, stating the amount due her on final settlement. It is alleged that Mr. Moody, taking advantage of the information imparted, settled with Mrs. Conroy for some \$50 less than she was entitled to. Mrs. Conroy, discovering the deception, compelled the former cashier to pay the full amount due her.

It is stated that Mr. Moody came in possession of the letter through The Dalles postmaster, who had been in the habit of delivering similar letters to Mr. Moody. That the postmaster will have to account for his mistake, if such be the case, there is no doubt.

Whether or not Mr. Moody is guilty remains to be proven.

Rumors of wrongdoing were circulated in connection with the failure of his bank, but no indictment was ever returned against him in connection therewith. As most of The Astorian's readers are aware, Mr. Moody served two terms in congress, completing the second term in March last. He succeeded in ingratiating himself into the good will of President Roosevelt, and for some time past has been a more or less potent power in presidential appointments. It is said that Mr. Moody, more than any other influence, defeated the recommendation of the Oregon delegation for the appointment of John W. Knowles for register of the LaGrande land office, and he dictated the appointments absolutely for The Dalles land office last March. The result of the indictment will be industriously watched.

### MEDICAL LAKE SALTS

NOT A CATHARTIC—NOT A PATENT MEDICINE.

So long as Medical Lake can Provide

the requirements of an enfeebled constitution, you need not suffer. Here are Nature's own remedies, direct from the hand of the Great Creator, brought to you in the shape of pleasant, agreeable, health-giving Salts, evaporated by our own process. They have not absolutely no virtue—no strength. By analysis, the waters of Medical Lake contain twelve ingredients, each and all standards of the pharmacopoeia. By analysis the Salts have the same in exactly the same proportion. Nature has compounded them so efficiently that man has tried and tried in vain to make them. But art can never compete with nature, when nature evolves a masterpiece. That the Salts are a masterpiece, their history proves. To Medical Lake, a little woodland gem hidden high up in the mountains, among the forests of Washington, the Indians for centuries came. Here they worshipped, and drank of the pleasant waters. The well were made stronger and thrived on the delicious beverage, and the sick and ailing were restored. In all diseases of the BLOOD, RHEUMATISM, NEURALGIA, MALARIA, and in all cases of KIDNEY and LIVER TROUBLE, MEDICAL LAKE SALTS WILL MAKE A CURE. If taken faithfully, yes, cure as sure as the sun shines. Man, with all his learning and his cunning, his experience and his skill, cannot make remedies like these, which nature truly gives.

25 CENTS, 50 CENTS AND \$1.00 A BOX, AT DRUG STORES

The Salts are also reduced, as a convenience, to Tablet form; five grains in each Tablet. Such a Tablet dropped into a glass of water, makes a remedy for the same troubles and at the same time an equally delightful cooling beverage.

Gentlemen—First came to this place a number of years ago badly crippled with rheumatism. Had been troubled more or less with it for years, and could get no permanent relief. Medical Lake baths, however, did the work for me, and in short time was able to go to work. Have had no serious attacks of the disease since, but once or twice its symptoms have returned, and then a couple of baths have been all that were required to put me in good condition.
